## MULIGHETSSTUDIE

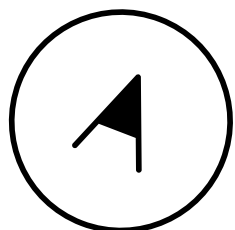

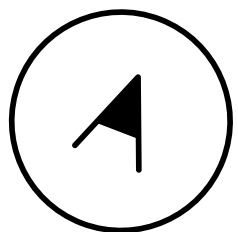

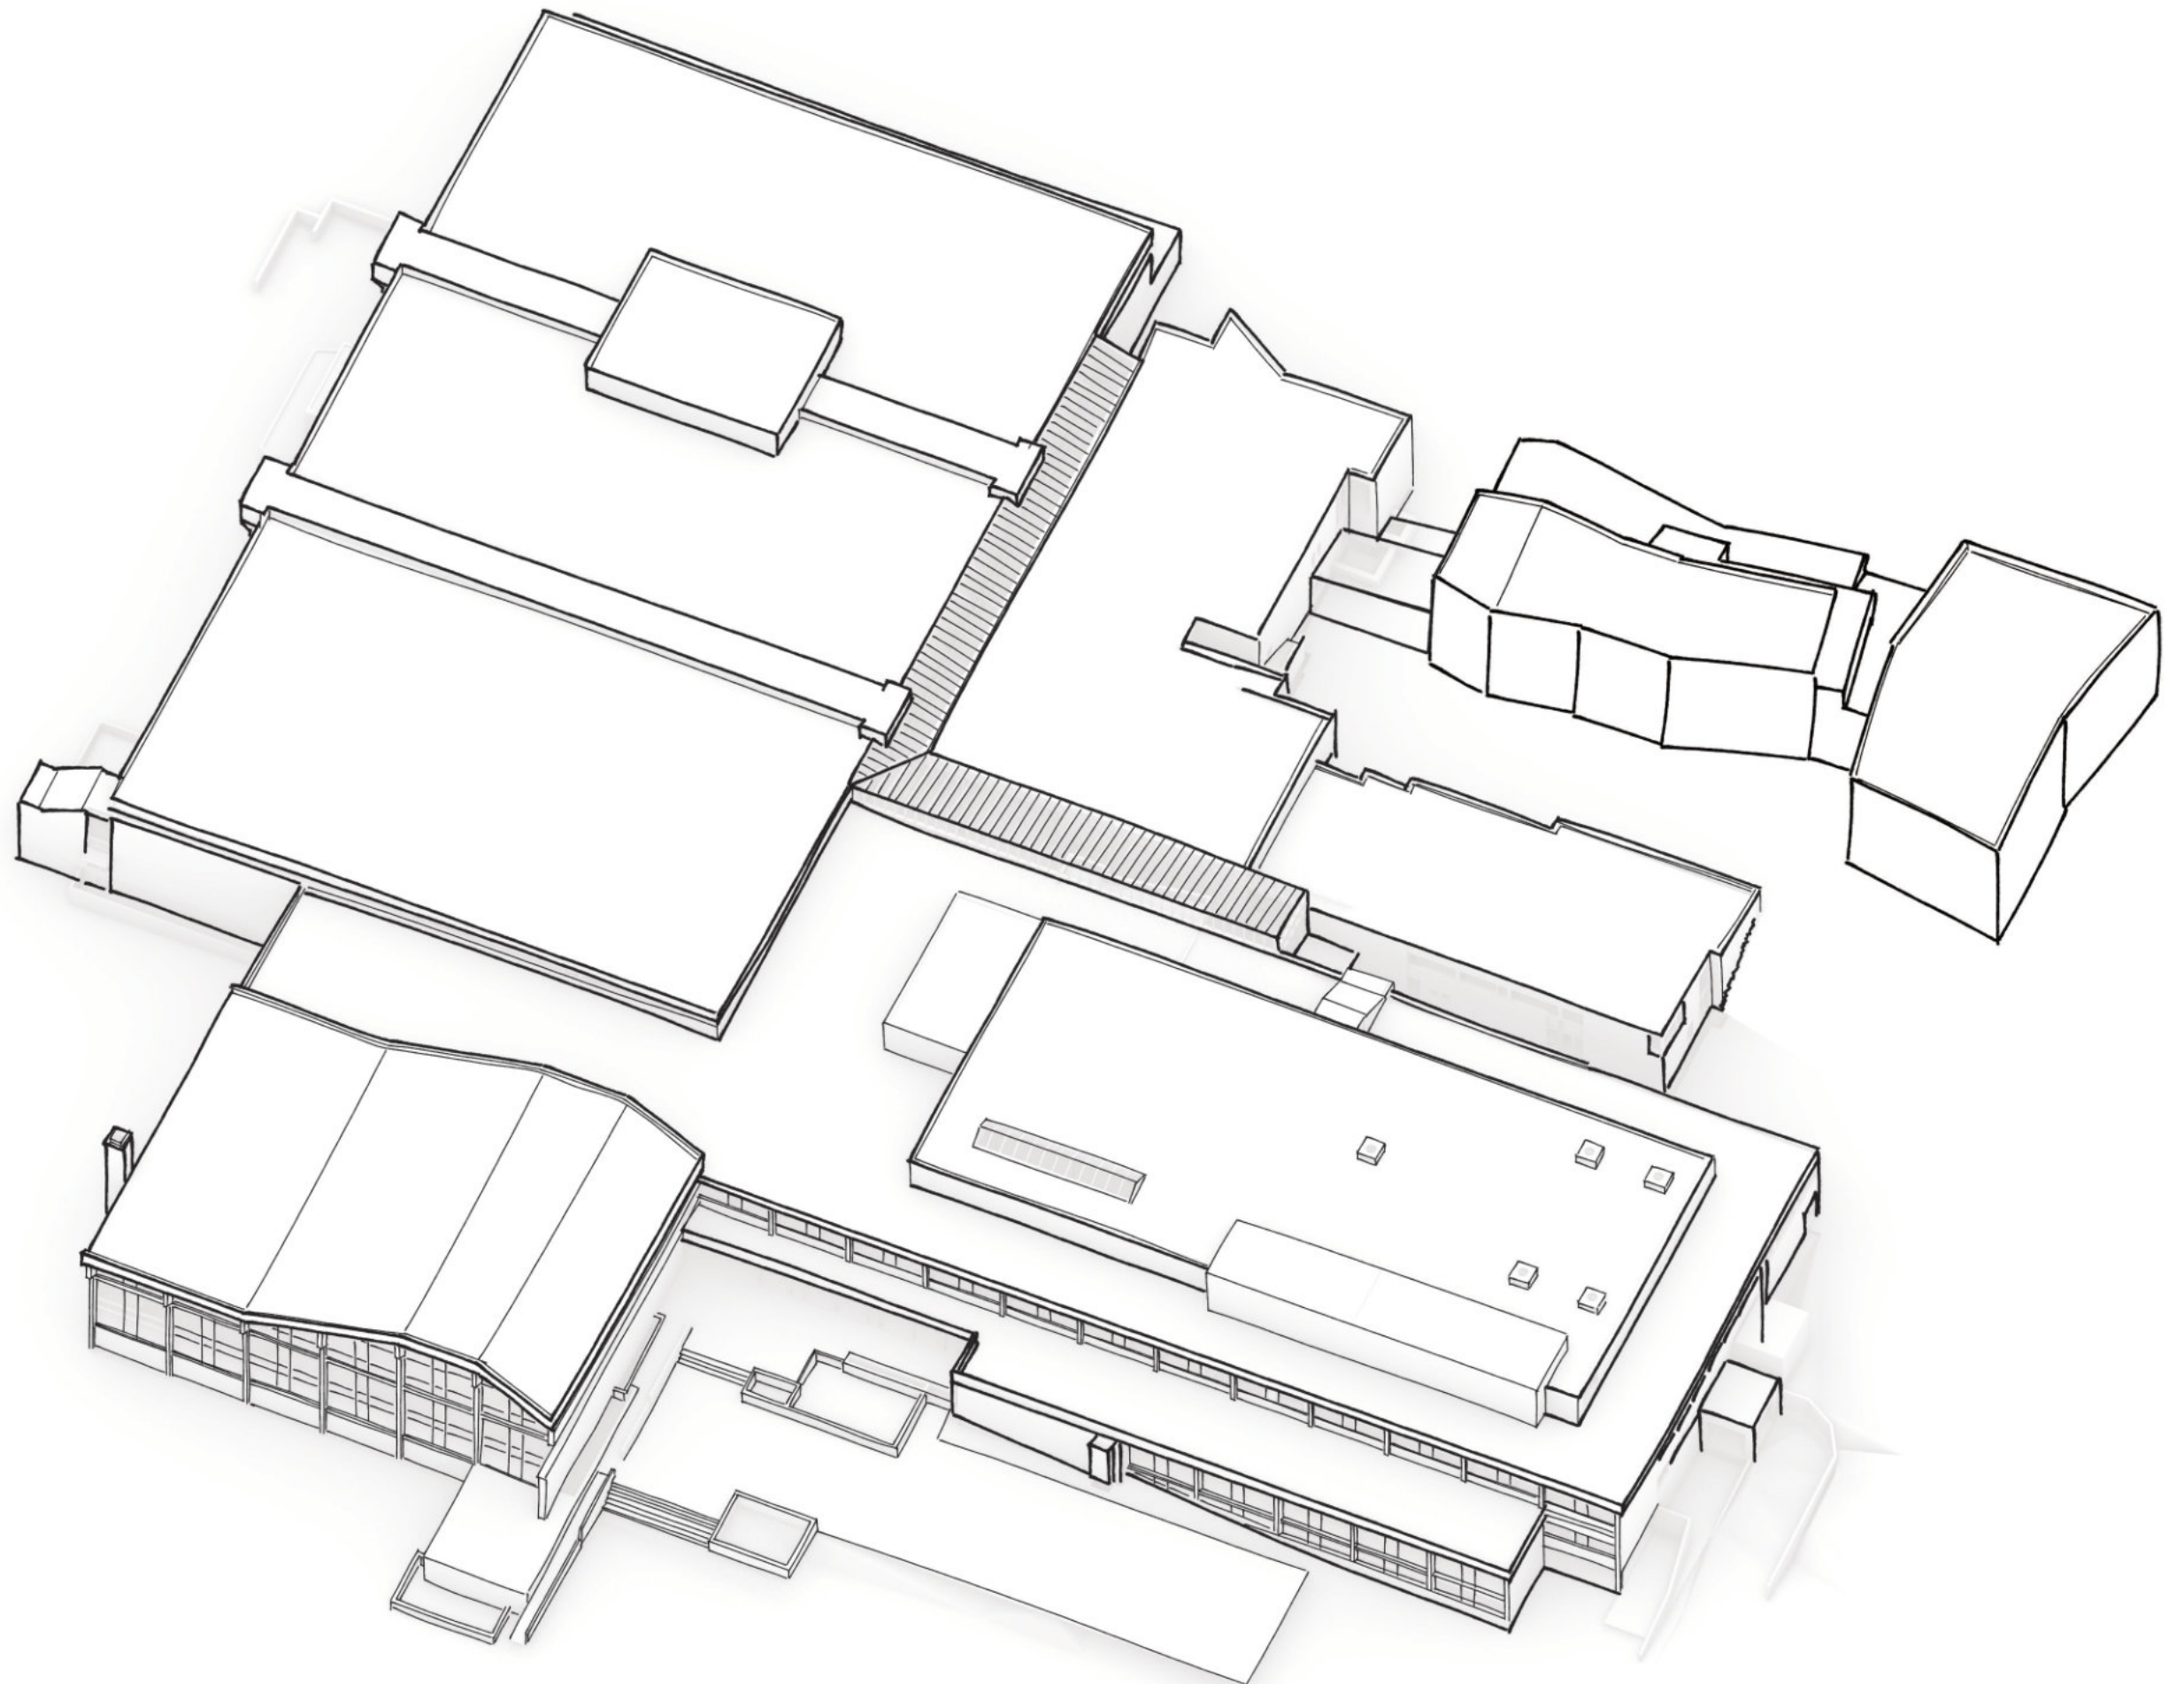

**ARKI**  
ARKITEKTAR

# INTRODUKSJON

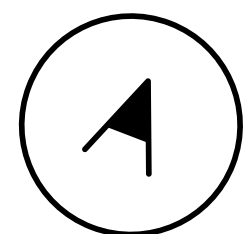

I løpet av våren 2023 flyttar Teater Vestland og Vestland fylkeskommune sine funksjonar (vidaregåande opplæring) ut av Førdehuset og i underkant av 5000m<sup>2</sup> vert ståande ledig. I tillegg er det, gjennom bruk, avdekt ein del utfordringar knytt til dagslys, lyd/akustikk og logistikk rundt på huset, og fleire av leigetakarane har diverse meir eller mindre konkrete ønskjer/behov for utviding/ending. Samstundes har Førdehuset 50-årsjubileum i 2026.

Mulighetsstudiet skal komme med forslag til løsninger på disse emner.
